

# JAPANESE DEFEAT RUSSIAN INFANTRY COL. IRISH AGREES TO COMPROMISE

## REVOLVER WAS BOUGHT BY MAN AND WOMAN.

### KUROKI'S MEN ARE VICTORS.

They Routed a Battalion of Russian Infantry.

Many Skirmishes Take Place Between Opposing Forces.

TOKIO June 10 5 p.m.—General Kuroki reports that a detachment of troops on Tuesday routed a battalion of Russian infantry with two guns at Hail Matchia the Japanese losing three men killed and twenty-four wounded. The Japanese captured two officers and five men. The Russians left on the field twenty-three men dead or wounded and probably lost seventy men.

A Japanese detachment dispatched in the direction of Tung Yuan Pu repulsed sixty or seventy of the enemy's infantry at Lin Cha Tai Monday and on Tuesday encountered six companies of Russian infantry and 300 cavalry at Chan Chia Sih. After two hours engagement, the Japanese drove the Russians off in the direction of Tung Yuan Pu. The Russian casualties were seventy or eighty men killed or wounded. The Japanese lost four men killed and sixteen wounded.

J. Morgan Smith Cannot Be Found By Police—Inquest is Postponed.

NEW YORK June 10—Interest in the mystery surrounding the death of Caesar Young the bookmaker is still very general today in the efforts of the police to find J. Morgan Smith the brother-in-law of Mrs. Patterson in order to serve on him a body which might require him to appear before the Grand Jury and tell what he may know of the case.

Smith and his wife left their apartments in the St. Paul Hotel Wednesday.

### JOHN P. IRISH SETTLES A FOR \$35,000.

Compromise His Suit for \$100,000 Against the San Salvador Commercial Company.

The suit brought by Col. John P. Irish against the San Salvador Commercial Mining Company for \$100,000 has been compromised for about \$35,000.

This agreement was arrived at yesterday afternoon when all the parties interested in the suit met and finally adjusted their differences. Irish brought the suit against the company claiming that he was entitled to \$100,000 fee for settling certain interests and claims the company had in San Salvador and which were in course of arbitration between it and that Government.

In speaking of the settlement arrived at Judge William Lair Hill who is largely interested in the company stated this afternoon: "We met yesterday and the company finally agreed to pay Mr. Irish \$35,000 in bonds, and a other party

who was very much interested in having the case settled added a little more to this amount. He got considerably less than \$40,000 whereas he originally asked \$100,000."

The notice filed today with the courts simply states: "The above entitled action having been compromised and settled the same is hereby dismissed and the clerk of the court is ordered to dismiss the same the parties thereto paying their respective costs. Olney & Olney attorneys for plaintiff."

The Union National Bank was also made a party to the suit as the bonds received by the San Salvador Commercial Company had been deposited in the bank, and the bank as well as the company was enjoined from paying out the same until Irish's claim had been definitely settled.

### GIVES \$10,000 TO HOTEL.

Julius Abrahamson Makes a Large Subscription.

Shrewd business men are beginning to see that the new hotel promises to be a first-class business venture and are notifying members of the executive committee that they desire to take stock in the project.

This morning Julius Abrahamson of the firm of Abrahamson Brothers, notified Committeeeman E. G. Utkens that he individually desired to subscribe for \$10,000 worth of stock in the hotel.

While the committee has for the last few days been devoting much of their time to securing agreements from parties and corporations dealing in building materials to furnish the materials necessary, at actual cost prices that the profits to the subscribers may be thus more largely increased they still have not been able in securing subscriptions. Within a few days the list of subscribers will be published. That

BULLETS FLY.

NEW YORK June 10—The trouble at the Ward Hill pier resulting from a strike of Italian firemen, who were replaced by non-union Italians, culminated today in a general shooting affray, in which about a dozen shots were fired. No one was wounded, but two of the participants were arrested.

GRASS FIRE IN EAST OAKLAND.

The fire department was called on at noon today to extinguish a grass fire at East Twenty-fourth street and Nineteenth avenue.

### PLANS FOR PORT ARTHUR FLEET.

ST. PETERSBURG, June 10. 414 p.m.—There is reason to believe that the plans for the departure of the Port Arthur squadron, in the event that the fall of the fortress become imminent, have been completed. They invoke the co-operation of the Vladivostok squadron. After the blockade, fleet has been engaged the unjurid Russian ships will effect a junction with the Vladivostok squadron and make their way to Vladivostok.

The fact that the Korean straits are mined and guarded by a Japanese torpedo boat flotilla, which has been established to the satisfaction of the

mirality here, greatly increases the difficulty of the operation, but the Russians probably will prefer to take chances of getting through rather than of making a 2000 mile journey around Japan. The attempt may occur at the first favorable opportunity. The squadron is useless for the defense of Port Arthur, while if preserved entire or in major portion, even the fall of Port Arthur would be robbed of much of its importance from the standpoint of Russia's future plans.

The repairs to the Russian battleship *Pobeda* are now practically com-

### LADY STARTLES THE FEDERAL COURT.

MRS. JEANNE C. CENTER.

Interrupts in the Water Case to Make An Appeal for Justice in Her Behalf.

SAN FRANCISCO June 10—An incident in the United States Circuit Court yesterday that deserves to be chronicled in the history of the suit of the Contra Costa Water company vs. The City of Oakland in a separate chapter is entitled "The Law and the Lady."

It was suggestive of "The Lady and the Tiger" with the City Council in the role of the tiger.

It was rather a shock to case-hardened lawyers to see the grave and stately buckram which envelopes the higher Federal Courts pieced unconsciously by a handsome middle-aged woman, fashionably gowned, refined in manner, well-bred in appearance and cultured in speech interrupting in an important case to make an appeal for justice in her individual behalf.

But the lady who dared voice her complaint in person instead of through a feed representative was listened to with respect by both attorneys and Judge and instead of simply being let off without rebuke was assuaged by Judge Gilbert that she should have justice. She was told to put her complaint in the form of an affidavit.

The lady responsible for the diversion is Miss Jeanne C. Center a well known clubwoman of San Francisco, who is noted as the possessor of a talent for finance and affairs. She is known to her acquaintances as Hetty Green of San Francisco.

Her interruption came while Francis J. Heney one of the attorneys for

### CANNON SHOT IN THE HEAD.

He Will Not Take the Nomination for Vice President.

WASHINGTON, June 10—I decline the nomination the clerk will call the roll again for nomination for vice-president.

This is the statement of what he will do at the Chicago convention made today by Speaker Cannon of the House of Representatives, when asked the direct question:

"What will you do if the convention nominates you despite your objections?"

Speaker Cannon will be permanent chairman of the convention and in a position to act as indicated.

BERNE, Switzerland, June 10—The Russian minister here, M. V. V. Jadovski, was shot in the head here this afternoon and seriously injured. His would-be assassin believed to be a foreigner, is under arrest.

M. Jadovski's assailant was a Russian named Lintzki. He had been in Berne for some weeks and complained that the Russian authorities had confiscated an estate belonging to him.

M. Jadovski's wound, although it at first appeared to be severe, is not dangerous.

LIVERMORE  
TO CELEBRATE.

The preparation of the Fourth of July celebration at Livermore will include every kind of enjoyable entertainment winding up in the evening with a grand ball. The celebration will be one of the genuine, good, old-fashioned Fourth of July holidays and as the notice reads, "Such as they used to give when we were boys."

All kinds of fun is guaranteed and this will undoubtedly be one of Livermore's most successful years in commemoration of Independence Day. Among the features which have been prepared by the entertainment committee may be mentioned military and civic parade, literary exercises, a broncho busting tournament, base-ball, children's games, a battalion drill, day-light fireworks. In the afternoon there will be dancing and the grand ball in the evening will close the great day's entertainment.

\*Exhibition rates are obtainable from all points. Trains leave San Francisco at 7:30 and 8 o'clock in the morning returning at 2:05, 3:25 and 12 o'clock in the afternoon.

## COST OF STRIKES.

Millions of Dollars Have Been Lost in Colorado.

DENVER, June 10.—The Republican today estimates the cost of the strikes in Colorado during the past sixteen months under the administration of Gov. James H. Peabody to aggregate \$23,036,000. An itemized statement is given as follows:

Colorado City strike—State's expense, \$25,000; loss to men in wages, \$750,000. Cripple Creek strike—State's expense, \$400,000; loss in wages to union men, \$4,000,000; loss in wages to other labor, \$3,000,000.

Denver and Pueblo smelter strike—Loss to smelter men and miners, \$350,000; loss to dependent labor, \$200,000.

Telluride strike—State's expense, \$175,000; loss to union miners, \$1,750,000; loss to dependent labor, \$500,000.

Loss to employers, through idle capital, interest, profits, etc., \$100,000.

Total, \$23,036,000.

The Western Federation of Miners is charged with the responsibility for the strike that has affected every business and trade in the State and caused much bloodshed.

The strike originated early in 1903 in an attempt on the federation to force the introduction of an eight-hour day in the mills and smelters of Colorado City, Denver and Pueblo. Within a few weeks after taking office, January 1, 1903, Governor Peabody sent troops to Colorado City and with the exception of a few brief periods the National Guard has been on duty at one point or another ever since. At present the troops are stationed in Telluride and San Miguel counties, in which martial law obtains, and in Las Animas county, where martial law was suspended last Monday.

The Cripple Creek strike began ten months ago. The men were earning on the average \$3.30 for eight hours' work. They had no complaints of their own but went on strike in obedience to an order from their executive officers for the purpose of shutting off the ore supply of the mills and smelters at which an eight-hour day was not granted. In this connection it should be noted that by an overwhelming vote the people of the State had adopted a constitutional amendment authorizing an eight-hour day for men working in mines, mills and smelters, but by some means the passage of the law necessary to make the amendment effective was defeated at the ensuing regular session of the Legislature. This is the reason given by the executive officers for calling the strike.

In Cripple Creek about 4000 union miners were called out. Had the question been submitted to the men themselves on a secret ballot, it is asserted that 90 per cent of them would have voted against going out. Many of them have responded the union and returned to work, the mine-owners, with the exception of the Portland Company, refusing employment to members of the union.

Western Federation officials admit that the loss to Cripple Creek unions through the strike has been \$4,000,000 and the total loss in that district \$8,000,000.

The loss through the suspension of work in the Telluride district, which was also a sympathetic strike, is estimated at \$2,000,000.

President Campbell of the Colorado Mine Operators' Association said that while the cost for the State militia being in the field would possibly reach \$1,000,000, the loss to the metalliferous miners who stopped work and others forced to quit would be five times that amount.

The strike of the Southern Colorado coal miners, who are members of the United Mine Workers of America, was ordered for different reasons and has no relation to the strike at the gold mines

REVIVAL SERVICES.

Rev. Thos. P. Boyd, the singing evangelist, has been holding series of meetings at the Tenth Avenue Baptist Church in East Oakland. They will close on next Sunday night. The final meeting of the week will be held tonight. There will be an illustrated service, with a solo by Mr. Boyd. Mr. Hildesley, of England, who is visiting in Oakland, will also sing. A cordial invitation is extended to everyone.

MISS VERA LA TOSCA.

Berkeley Council No. 280, Order of Perito, gave a larg entertainment at Lorin Hall on the evening of June 8th. A splendid program was given including one act sketch entitled "Nerva Tonie," with Miss Vera La Tosca and Delbert Holmes in the cast. Delbert Holmes is a comedian of ability and Miss La Tosca possesses a fine voice.

## SELBY IS AFTER BARNES PLEADS HIS MONEY.

CANDY MAN WHO LOST \$1,600 PRODUCES VALUABLE WITNESS.

The search warrant proceedings begun by David F. Selby, a local candy manufacturer, to recover \$1,600 lost by him aboard the steamer Piedmont on June 1st last and alleged to be in the possession of John Ferro, a deckhand employed on the steamer, were heard before Police Judge Ferrell today.

According to Selby's story he was taking the \$1,600 from Oakland to his San Francisco store. He forgot the valise in which he carried the money when leaving the boat. On discovering his loss he immediately notified the steamer officers who questioned the employees on the boat. Nothing concerning the manner of the disappearance of the valise was learned by this investigation, so the court adjourned to the local police department.

On the same evening Detective Kyte and Patrolman Tobin visited the home of John Lee, one of the deckhands residing at 332 Louise street, and also the home of Ferro, at 270 A street. At the latter's home \$1,300.50 was found concealed in a sack. Both Ferro and his wife maintained that Ferro belonged to two brothers, John Williams, a veteran of the Civil War, who died just after having received a pension.

The most damaging testimony given this morning against Ferro and Lee was by Alexander Fields, who is employed by Wells, Fargo & Co. On the day of the theft of the valise, he was located in the office of the bank he had left. He stated that he saw Ferro and Lee pick up a valise after the passengers had landed. Ferro handed something to Lee. The valise was then, according to the witness, hidden under a cloth and thrust into a locker.

Aside from this testimony little was brought out during the hearing in the morning.

## FILE OLD VARNEY WILL.

SETTLEMENT OF THOMAS VARNEY ESTATE MAKES POSSIBLE PROBATE OF OTHERS.

The will of Robert Varney, who died in June 1894, was filed for probate today, ten years after his death. The petition for the probate of the will sets forth that his estate consists of an interest in the estate of his brother the late Thomas Varney of Livermore and the exact value of it is not known but that it exceeds the sum of \$10,000.

The will leaves everything of which deceased died possessed to his wife, Elizabeth Varney and appoints her administrator of his estate to serve without bonds. She also has died in the meantime and the petition is now presented by Henry B. Varney, their son. The long litigation over the estate of Thomas Varney has prevented the filing of the will. Until the points at issue in the courts were settled it gave no opportunity to attempt to probate an interest in the estate. The recent compromise of these matters and settling up of the estate now makes this possible. In the recent settlement of the estate arrived at the property was appraised at about \$350,000 and was divided into seven shares. It is believed that the share at issue will finally settle, be worth \$50,000.

There are other recommendations which will do much toward securing clean dairies and wholesome milk.

Dr. von Adelung this morning said that all of the dairymen had agreed to the terms of the proposed ordinance.

Opposition is not expected from the milkmen, who state they believe that the measure will be productive of much

good.

## BANDIT IS DEAD.

## TWO COMPANIONS ESCAPE AND ARE BEING PURSUED.

PARIS, June 10.—The Foreign Office has received lengthy advices from the French minister at Tangier. He says Mohammed El Torres, the Sultan's representative at Tangier, has chosen his own son, who bears the same name as his father, to proceed to the mountain retreat of Fraissoulli, the bandit chief, and present the final terms to secure the release of Messrs. Pedicaris and Varley. The son already has departed on his mission. The journey will take a day or two. The officials expect a successful outcome. They say Mohammed's choice of his son shows the sincerity of Morocco's efforts.

The minister pays a high tribute to the cautious reserve and constant courtesy observed by the American and British admirals, which is construed as indicating that there is no likelihood of precipitated action.

## ANOTHER BROKER IS SUSPENDED.

NEW YORK, June 10.—The suspension of A. E. Wabike for one year was announced on the Consolidated Stock Exchange today for "acts detrimental to the Exchange."

## FRUIT DEALER IS IN TROUBLE.

WAITS FOR JUDGI. HALL'S RETURN AND THEN WITHDRAWS FORMER PLEA.

William Barnes will come up for sentence before Judge Hall at 10:30 Monday. He has been patiently awaiting the return of the judge from St. Louis for a month that he could not all his plea of not guilty, and plead guilty to a charge of having forged a check for \$5, while engaged in a series of the San Joaquin bank robberies. The court said that the judge will be lenient with him.

James F. Jones has been placed in jail within the past year and he has been before the courts here in variety of ways. His particular weakness is seen in the fact that he has an erratic mind and seems to be lacking in judgment. He was arrested for driving away with Dr. W. S. Porter's horse and traps. He was acquitted as it could not be shown that he really intended to do it.

Judge Hall has listened to most of the testimony against Barnes and has record at his fingers tips. The prisoner, however, stated that he would rather be sentenced by him than to take his chance with another judge.

Because he was in need of the money, J. I. Herspring, who says he is a fruit buyer, plucked forbidden fruit, say the police, in the way of golden shackles from C. W. Abbott and also from the Central bank on a check from J. A. Munro, the auctioneer, which had been made out to him. As a result of these two transgressions two charges have been placed against him. He is accused of petty larceny for having cashed another's check for \$21.45 at the Bank and is also charged with obtaining money under false pretenses to the amount of \$2 from Mr. Abbott.

Herspring's method of getting money without making an adequate return is rather novel and more or less refreshing, it happens that the prisoner was in company with a man by the name of Landis, who put an electric light for Munro. The bill came to \$21.45. In paying for the work Mr. Munro wrote out a check with Land's name in the center. With the aid of ink erased, he tried to get away with it, but the paying teller would not cash it. Herspring, it seems, was acquainted with the cashier and being thus identified he secured the money.

It is alleged that Herspring rushed into the place of business of Mr. Abbott at Ninth and Franklin streets and by representing himself to be a partner of Mr. Munro was able to borrow \$20. Before he had gone far he was arrested and now must face two charges.

A few days ago Herspring attempted to commit suicide by drinking the contents of a battery jar. He was found on the street and was taken to the hospital, where he subsequently recovered.

# UNION MEN DRIVEN OUT OF TELLER COUNTY.

General Bell Orders Them Shipped on a Special Train—All Quiet in Mining Camp.

**CRIPPLE CREEK, Colo., June 10.**—Deportations are the order of the day. General Sherman M. Bell, military commander, has ordered that 37 members of the Miners' Union shall be driven outside of Teller county on a special train this afternoon in accordance with the recommendation of the Citizens' Committee, which examined them.

This committee was in session nearly all night investigating the case, of 100 other union men who are confined in the Victor armory and submitted another report to General Bell today, recommending further deportations.

#### AFTER AGITATORS.

"Within forty-eight hours this district will be rid of all agitators and other objectionable men," said General Bell today. One deportation after another will be made until none of the men who have terrorized the district will be left here. We intend to continue arresting men who are not wanted here and they will be run out as fast as possible. The union men are scared and many are leaving the country of their own volition to avoid arrest and incarceration. There are still some desperate characters along the hills, however, whom we are getting, no matter what the cost. In running them down there may be our some fights, but I do not look for any serious trouble."

#### SEARCHING FOR MEN.

Squads are out scouring the hills in search of certain men who were wanted in connection with the independent assassination.

Telegrams have been sent to the hills and chiefs of police at outside points, asking them to watch for these persons, whose names are not made public.

Sheriff Edward Bell has issued an order that all saloons in the district must remain closed until Monday, June 12.

#### EXCITEMENT SUBSIDES.

**CRIPPLE CREEK, Colo., June 10.**—The excitement and disorder throughout this district resulting from the terrible dynamite outrage at Independence Monday by which over twenty men were killed and crippled are gradually subsiding and an attempt is being made today to restore normal conditions. Work was resumed this morning at some men's improving non-union mine which had been closed since Monday, the Struction Independent, owned by an English Company being the first to re-open. The Portland mine is closed by order of General Bell, military commander, and its 400 employees will be compelled, Gen. Bell has said, to abandon the mines or leave the district.

#### SIGN THE AGREEMENT.

Employees in all branches of business in this city, without an exception so far as yet canvassed, have signed the agreement prepared by the Citizens' Alliance "not to employ help of any kind that is in any way connected with the district trades assembly or the State Federation of Labor, the American Labor Union or the Western Federation of Miners or any kindred organization."

Committees today continued making a house-to-house and store-to-store canvass, many times retracing their steps of a propagator or partner happened to be out at the first visit.

This agreement of the proprietors has caused consternation among the clerks and employees in shops and stores who are members of the Retail Clerks, Barbers, Carpenters, Bartenders, Cooks and other trades unions, as all will have to resign to hold their positions.

#### NO UNION CARDS.

The union cards which have been demanded in this camp in order to transact business will no longer be a necessity. In fact, it is intended that the cards shall be surrendered as soon as the committee's report can be acted upon.

The present scale of wages will pre-

the water company, was reading William J. Dinglee's affidavit in support of the petition for a temporary injunction to restrain the city from putting into effect the reduced water rates in force. She touched the lawyer and signified that she desired to speak to the court. Mr. Heneey politely gave way, but opened his eyes with surprise when she began to speak on the very matters set forth in the affidavit. Mr. Dinglee looked at the speaker with a startled air, and whispered impatiently to one of the attorneys. But Judge Gilbert permitted her to state her grievance.

She began where Mr. Heneey had left off in reading Mr. Dinglee's affidavit, which alleged that the stock of the company at one time sold as high as \$55, but was now unstable at \$35. This depreciation she attributed to the action of successive City Councils, which had cut or attempted to cut water rates.

Stating that she understood that the Judge desired all the information obtainable regarding the issue before the court, she went on to say that while the stock at one time sold as high as \$55 it was at that time really worth much more. It was difficult to get it for less than \$30 a share, and investors of good judgment were unwilling to let it go at that price.

Judge Gilbert heard her through and then suggested that she put the matter in the shape of an affidavit, as he could not in that proceeding take oral testimony. Mr. Center agreed to do so and added she had always understood that courts of justice were a haven for the oppressed.

The court agreed with her, but stated that he could not remember all her figures presented in her statement and that if put in the form of an affidavit he would consider it carefully.

After leaving the courtroom, Mrs. Center made this statement to a reporter:

"Four years ago I invested \$32,000 in stock of a water company to supply the city of Oakland with pure, good water. Today I am unable to sell the stock at any price. My sole income and means of support have been cut off by the non-payment of dividends and the condition of the market which prevents me selling my stock. And myself and other women who have invested large amounts of money in the stocks and bonds are in great mental distress because of the present condition of things."

I wished to appeal to a protector, a court of justice, to say whether or not we have any property, and if so, what is the value of that property, and are we entitled to an interest on our money, or can any means be found by a court to alleviate the present condition and give an honest market value to our property which means we might be able to recover at least a part of what we have invested."

"Women do not understand court etiquette, but they do understand human rights, and if they are not afraid to go into court and ask instructions, they can get information, and sometimes justice."

It is a coincidence that while the former suit was on trial before Judge Hart a woman interrupted the proceedings to lay claim to most of the company's property. She was unsettled in her mind, however. With Mrs. Center it is different. She is a woman with a clear head who has considerable interest at stake and in her woman's way knew how to go about, to protect them."

# JAPANESE IS EXECUTED.

AT SACRA-MENTO.

**FOLSOM, Cal., June 10.**—Kokicho Hiraka was hanged here today for the murder of Mr. and Mrs. T. Yoshimoto and another Japanese in Sacramento a year and half ago. Hiraka had known the woman in Fresno where she married Yoshimoto, leaving soon afterwards for Sacramento.

Hiraka followed with the intention of killing her, which he did by shooting her while she was at work in a restaurant where she and her husband were conducting. As the murderer left the house he was met by a liberty barred by Yoshimoto and another Japanese, both of whom he shot and killed.

The execution occurred at 10:15 a. m. The condemned man's neck was broken by the drop and in ten minutes he was pronounced dead. He had nothing to say except to bid the warden and a few friends good-by.

# TRAIN WRECKED.

**TOPEKA, Kan., June 10.**—A Rock Island passenger train, southbound, was wrecked four miles south of McFarland this afternoon. Spreading of the rails was the apparent cause. The locomotive, two cars, a mail and a baggage car went into the ditch. It is reported that two express messengers were injured, but not fatally. There are no dead.

# INTERNAL REVENUE.

**MANILA, June 10.**—The original draft of the proposed internal revenue law for the Philippines islands has been simplified and modified in various respects. Many of the tax rates have been reduced and some classes of taxes have been entirely eliminated notably that upon corporations.

The commission will reconvene in Manila on June 20 and public discussion of the bill will follow.

# RUSSIA PREPARES FOR ATTACK ON ST. PETERSBURG.

**ST. PETERSBURG, June 10, 1 p. m.**—Remote as now appears the chance that the Japanese fleet will ever be in a position to venture up the Baltic and make a demonstration against the Russian capital, or that any European power will be drawn into the war, Russia evidently is taking nothing for granted. The possibility of the fall of Port Arthur or a disaster to the Baltic fleet after the latter sail for the Far East have been considered and no precaution will be omitted to protect St. Petersburg against attack.

The fortifications of Riga, in the southern part of the Gulf of Riga and Revel, at the entrance to the Gulf of Finland, have been strengthened, some new guns of the latest pattern have been mounted in the fortress of Cronstadt and a chain of water batteries,

the Russian rules for the treatment of prisoners of war were promulgated today. They are of a most humane character, following the most advanced ideas on the subject of the care of prisoners.

A war bureau for the collection and distribution of every possible kind of information concerning prisoners has been established by the Russian Red Cross Society, under the presidency of Professor De Martens, professor of international law at the University of St. Petersburg and recently professor of The Hague court, which decided the Plus fund claims.

The Novoe Vremya editorially scorns the idea fostered by a section of the British press that the fall of Port Arthur will end the war.

The government is considering the question of increasing the scale of pensions for soldiers' and sailors' widows.

The approaches to Cronstadt are al-

so being mined and merchant ships

are being forbidden to enter the port without a pilot to conduct them through the mine fields. Owing to the extensive work in progress at Cronstadt in connection with the preparation of the Baltic's squadron, the Central Basin, heretofore reserved for merchant ships, has been appropriated by the navy. Rigid regulations are enforced against anyone approaching the fortifications. The Grand Duke Vladimir, commander of the military district of St. Petersburg, has just completed an inspection of the shore batteries.

# DEATH TO UNIONISM ALL HANDS ON BOARD.

**Gen. Bell Talks About Raid on Victor Office.**

**Bride Says Chief Officer Was Not Drunk.**

# STEWART TELLS HIS STORY.

**He Explains Midnight Meeting With Kennedy's Wife.**

**CRIPPLE CREEK, June 9.—"Death to Unionism in the Cripple Creek district" is the new slogan of the Citizens' Alliance, which has sent a decree broadcast that every person connected with any union here must either sever his or her connection with such organization, or leave the district.**

**No person who works for a living will be allowed and the absolute annihilation of unionism is the aim to be pursued by members of the Citizens' Alliance and the Mine Owners' Association.**

**General Bell issued the following statement regarding the raid on the Record office and the destruction of the newspaper plant:**

"I cannot be too emphatic in my condemnation of this un-American attack upon our press and this reflects upon the military commander I am solely responsible for the cleaning up of this district, and I intend to run down the perpetrators of this crime to the last possible."

"I am aware," said General Bell, "that Stevens bitterly denounced and threatened and accused of selling out when his editorial appeared asking the Western Federation of Miners to call off the strike. The Socialistic element of the Federation were the ones who took the principal stand in this thing. However, whenever the perpetrators of this crime may be, they will land in the Bull Pen if apprehended."

"Do you think that union miners wrecked your office because of your editorial on Wednesday advising that the strike be called off?" Editor Kyner was asked.

"Unquestionably do not," he replied.

"I do not think the editorial was the cause of this at all. We had hints and rumors of a plan to wreck the office published before the editorial was published. I asked Major Naylor, city marshal, for protection. He was willing to give it, but said it would not be necessary and not in fear. As a matter of fact, the men entered with the intent in my mind. After its publication yesterday morning, all the union men I saw commended my position and many came to me for that special purpose."

E. W. Langdon, the telephone operator at the Record, who was driven out of the office at point of rifles, says that he will not have the district and was ordered to do so. He will remain with his family and however, the other employees of the Record also say they will remain in the city.

**CABLEGRAM**

**RE FRAISSEULI.**

**WASHINGTON, June 9.—The Navy Department today received the following cablegram from Admiral Chadwick, dated Tangier, June 8:**

"The minister of Foreign Affairs has instructions from Fez, Morocco, agreeing to all the demands of Fraisseul."

"This is supposed to refer to the Moorish minister of Foreign Affairs, who has received his instructions from the Sultan at Fez."

Another cablegram, received from Admiral Chadwick, dated Tangier, today, says:

"An explanation of cablegram of yesterday afternoon (relative to landing of marines), the Belgian minister is absent. His wife is the daughter of Gen. Story of New York. The house is isolated."

**CALLED NAMES FROM JUNK WAGON.**

**Mrs. Sarah Jacobs, wife of Ruben Jacobs the East Oakland junk dealer, who has had various dealings with the courts before, was this morning found guilty by Police Judge Smith of disturbing the peace of Mrs. W. J. Nixon, who conducts saloon on East Fourteenth street.**

It developed from the testimony that Sarah, while in character in East Oakland, called Mrs. Nixon an opprobrious name while she was driving past Mrs. Nixon's saloon in her junk wagon. Mrs. Jacobs will be sentenced tomorrow.

**BAPTISTS TO RAISE FUNDS.**

Petition was made to the Court today by the Pacific Coast Baptist Theological Union to mortgage its property at Welch and Brush streets. It is stated that it is desired to borrow \$6000 for the Oakland Bank of Savings in order to prevent the foreclosure of the mortgage on it.

# BANKING BY MAIL

In many Eastern Cities is growing to large proportions with a tendency to increasing popularity.

The depositor encloses a check or postal order and pass-book in an envelope and sends them to the Bank through the mail. The pass-book is returned the same way. It saves the time of a busy man, and is perfectly safe.

This system prevails not only between distant cities, but between such nearby points as Oakland and Berkeley and San Francisco and even between different sections of the same city.

# PERRY GOES INTO SERVICE.

**SAN FRANCISCO, June 9.—The torpedo boat destroyer Perry, which has been lying at the Mare Island Navy Yard will replace the Peeble in active service in the Pacific fleet. Midshipmen W. Brown Jr. and S. M. Robertson and the crew of seventeen men have been transferred from the Peeble to the Perry, and Lieutenant H. H. Schofield, who has had charge of the sub-marine boats at Mare Island, will go out as the vessel's commander. Lieutenant Theodore C. Fenner, who commanded the Peeble during the cruise to Panama and back, will receive charge of the torpedo boat No. 11 at Mare Island.**

**HEINE WANTS JURY TRIAL.**

**A. C. Heine, a well known figure about the streets of Oakland created a scene in front of the City Hall this morning, after his trial on a charge of selling lottery tickets without a license had been concluded in the Police Court until June 13. Heine is a crippled and wheels himself about in a pat-tin chair. As he was coming out of the hall his chair got beyond his control and he was precipitated to the first platform. He escaped without injury but on he had been placed back in his chair he began to abuse the police, the judge, and every one in the City Hall. He called down curses from heaven upon their heads and accused them of being responsible for his arrest and the fact that he had to again appear in court before his case can be settled.**

**Heine was arrested along with twenty-five others for selling lottery tickets.**

**The majority of the men pled guilty but when Heine's case came up to day he pleaded not guilty and demanded a jury trial.**

# WHEAT HAD BEEN SHIPPED.

**EPPINGER BORROWED MONEY WHEN HE DID NOT HAVE SECURITY.**

**SAN FRANCISCO, June 9.—At the Epoller trial today several witnesses stated that on December 5, 1903, the wheat on which Eppinger & Co. secured a loan from the International Banking Corporation on April 14, 1904, was shipped from the wharves at Port Costa to the steamer P. L. O., at an order of purchase from Cutler and Moore, commission merchants.**

**Robert Herlitz and Charles Herlitz stated that they had witnessed the loading of the wheat on the wharves at Port Costa for Cutler and Moore.**

**McPhee, the weigher, was certain that the lots of wheat designated in warehouse receipts introduced in evidence against James Eppinger had passed out of the Eppingers' possession in December.**

# REPUBLICANS WILL MEET.

**LOS ANGELES, June 9.—President Fred K. Rule, of the State League of Republican clubs, has called a meeting of the executive committee of that organization at San Francisco, June 14 at 10 a.m. The object of the meeting is to arrange preliminaries for the proposed convention of Republicans for President and Vice-President to be held at the National Republican convention. The executive committee is composed of one member from each of the eight Congressional districts.**

# FORM A TRUST IN VAUDEVILLE.

**DENVER, June 9.—A theatrical syndicate was formed in Denver today under the name of the United Vaudeville Association. The deal was effected by D. J. Grauman of San Francisco and A. J. Lazarus of Los Angeles, who control 10 and 20 cent vaudeville houses of the Pacific Coast, and George Ira Adams of Denver, who controls the Crystal circuit between Salt Lake City and Milwaukee.**

**The new combination proposes to take in all the 15 and 20 cent vaudeville houses from the Mississippi river to the Pacific Coast.**

# WILL BE RELEASED BY THE BANDITS.

**PARIS, June 9.—Information reaching the Foreign Office leads the officials to believe that Messrs. Perdigors and Varley will be released during the next few days, as the negotiations are tending toward a satisfactory adjustment.**

# COWBOYS HAVE KILLED TWO TRAIN ROBBERS.

**GLENWOOD SPRINGS, Colo., June 9.—A report has been received that two of the train robbers have been killed and that Deputy Sheriff Mohan of Glenwood Springs has been shot, though the seriousness of his wounds is not known.**

**A train load of men left here at 1 p.m. to reinforce the posse who are fighting the bandits.**

**They expect to be gone all night.**

**A pitched battle is reported here to be taking place in the Divide Creek country, twenty miles to the west of this place, between a number of cowboys and three men who are believed to be train robbers who stopped the Denver and Rio Grande westbound passenger train near Parachute Tuesday night, blew open the express car and safe and escaped with one bag of specie.**

## Steph M. White and Mr. Bard

In an editorial dealing with Senatorial candidates the Stockton Mail says: "California also possesses the champion receptive candidate. Senator Bard wants to be re-elected, but he has emphatically declared that in his case the office must seek the man. He has hung out a bright signal light so that the office need have no difficulty in locating him, but he positively refuses even to meet the office half way. Other commonwealths have had statesmen who have been elected to office without making a campaign, but when in the history of American politics has there lived a man, except Bard, who has really wanted to be elected but refused to ask anyone to vote for him?

"There are some indications that Bard is wavering and that he may get out of his bean patch and make an old-fashioned campaign to hold his toga. The Mail hopes he will not. His present attitude gives him distinction, and he has no other claim to it."

Barring his politics, Stephen M. White is conceded to have been an ideal Senator—able, gifted, upright, fearless and true to his convictions. When Mr. White wanted to be Senator he said so. He canvassed the State in person, prompted his friends to stand for the Legislature and in other legitimate ways sought to impress himself upon the public and to influence political action in his favor. He did not say I am too pure and good to strive for political office. He did not assert that the Senatorship was too honorable an office to be sought. He did not pose as being better than other men, nor by his language and attitude reflect on the long array of distinguished statesmen who strove to be elected Senators and Presidents. He showed the people what man or man he was, proved his ability and gave evidence of his worth and uprightness. His attitude was not an affront to other men nor his professions an assumption of moral superiority. He did not profess to follow one line of conduct and pursue another.

Stephen M. White was a true, manly, honorable gentleman whose memory is kept green in California. Mr. Bard is — Mr. Bard. Let it go at that.

The story that the Russians poisoned the wells in the vicinity of Kinchou deserves little credit. It was told by the Japs who said they got it from the Chinese. We used to hear the same sort of stories in plenty during the South African war. The British were constantly accusing the Boers of poisoning the water, but they never made any attempt to verify their charges. The Boers positively denied the charges. As no proof to substantiate them was ever presented, it is fair to presume that the charges were false. It is probably the same with respect to the accusation that the Russians are guilty of such an atrocious deed as poisoning wells in war. Had the Japanese any really strong proof to substantiate the charge they would have brought the violation of the law of nations to the attention of the civilized world.

Chinese refugees from Port Arthur say there are only three Russian warships in the harbor. Perhaps they neglected to look beneath the surface.

## Colorado's Military Dictatorship

Extraordinary events are transpiring in Colorado. Yesterday Adjutant-General Sherman Bell, in command of the militia, closed the Portland mine at Victor by military order. The Portland has been steadily working, employing some 200 union miners. In his proclamation General Bell says these miners "are dangerous, lawless men, who have given aid, comfort and encouragement to crimes. His justification for interfering with the working of the mine is that it has been 'employing and harboring the dangerous and lawless men' aforesaid.

The dispatches of the Associated Press state that, "the mine will be indefinitely closed, to be reopened later on terms which will prevent any workmen obtaining employment without presenting satisfactory working cards from the Mine Owners' Association. General Bell says the mine was closed because of 'military necessity,' as the men working in it were contributing to the support of the strikers."

As the union men are being arrested and deported as fast as possible, and as the mines employing union men are being closed down on the ground of "military necessity," it follows that a union man cannot work in the district nor a man who employs union men work his own property without the permission of the Mine Owners' Association. Practically only men having permits from the Mine Owners' Association will be allowed to work, and employers will only be permitted to operate with men holding such permits. The situation is extraordinary to say the least. We doubt if anything so arbitrary was ever attempted in this country. It is surprising indeed that it should exist here.

Before election Dr. Parkhurst said New York under Tammany rule would be hell with the lid off. The Tammanyites, sadly contemplating McLean's policy, think it is hell with the lid on. Both sides agree that New York is hell one way or another.

Senator Bard will not strive for re-election. Oh no; but he will try to kick a widow woman out of her job in the Marysville postoffice because the men who assume to control the Assembly nomination in Yuba county want the job for one of their number. This does not come under the head of practical politics according to the Bard definition, but it is so like the real article that the sinful can't distinguish the difference.

## Our Bantling Republic in the Isthmus

The Sacramento Union sarcastically comments on the expectation that the republic of Panama will establish a sound currency and a stable fiscal system, an efficient police organization and effective commercial and sanitary regulations. These demands our Sacramento contemporaries regards as comic in view of the inability of the so-called nation of Panama to comply with them. So they are; but the United States will have to see that the necessary things are done. While the pressure and the support must be deftly applied the application is both necessary and certain. Why not be frank about the matter? The republic of Panama is a mere fiction among governments. Everybody knows that while the hand may apparently be Panama's the voice is that of Uncle Sam. The real power on the Isthmus is the United States. As an independent state among the family of nations Panama is absurd, a caricature. The country has neither the wealth, population nor resources to warrant its recognition as a separate political power. It has no commerce to speak of; no manufacturers or other industries worthy of consideration. A large proportion of the inhabitants belong to a low caste, mixed Indian, negro and Spanish in blood, living in a primitive fashion totally uneducated and unambitious. A low standard of citizenship and indifferent morals naturally results from such a population amid such conditions. But the same necessity that compelled our government to connive at irregular methods in the establishment of the republic of Panama inexorably demands that we force Panama to do the necessary things and aid her in doing them. The world recognizes the situation. Panama is an independent republic in name because the United States stands behind her. The powers recognized her independence because of this fact. They keep their hands off for the same reason. The world wants the canal built, and the construction of the canal requires peace and order. We must compel our black and tan bantling to keep its nose clean and its business straight. That is the plain truth. The republic of Panama exists because the canal is a necessity to the civilized world. It has no other excuse for its existence, and needs none other. Panama must do what we say, for when we allowed the country to set up for itself under the protection of our flag our government became morally obligated for the good behavior of the Isthmus. By itself Panama is not fit to be a nation as is Arizona, which is not yet considered advanced enough to be a state. But we have made a dummy republic down there to clear the way for manifest destiny.

The Virginia Democrats have joined those of Georgia, Alabama and Tennessee in endorsing Parker, who is also assured of the Texas, Louisiana, Mississippi and South Carolina delegations. Gorman nominally has the Maryland and West Virginia delegations, but Kentucky and North Carolina can be counted, along with the other Southern States, in the Parker column. Therefore the New York Judge will go into the convention with nearly the entire South and the pivotal Middle States. Under the circumstances, his nomination is apparently a logical outcome of the situation. The diversion against him that Tammany and the coal oil Democracy of Pennsylvania is making is neither formidable nor popular. The Democrats have no hope of Pennsylvania and Tammany has no votes in the National Convention it can call its own. Besides, Tammany and the Pennsylvania Democracy are both in evil standing with the country at large. Quay's majority in the Keystone State was largely due to the fact that the Democratic organization opposed to him inspired neither confidence nor respect. It is possible for a combination centered behind Gorman to prevent Judge Parker

## OAKLAND TRIBUNE

from getting the two-thirds vote necessary to nominate. But the strength of such a combination would depend entirely upon the willingness of Mr. Hearst to line his delegates up with the combine. His vote and Gorman's would make decided break in the South. With the votes of Pennsylvania, Delaware, Illinois, Iowa and the extreme Western States pledged to Hearst added, the combine would have enough strength to defeat the New York Judge. It is extremely doubtful, however, if all these forces can be rounded up in one corral, especially as potent financial influences are at work to prevent such a consummation.

A year ago a seat in the New York Stock Exchange was worth \$80,000. The other day a seat was sold for \$58,000. The New York World ascribes the decline in value to the decline in the sale of "unlisted securities," the speculation in which gave Wall street a black eye and the country a financial shock.

The census of the Philippines shows the population to be 7,635,426, of whom 674,740 are savage and uncivilized. As usual in such cases, authentic enumeration has proved the population to have been over-estimated. The fact that nearly one-tenth of the inhabitants of the archipelago are utter barbarians is somewhat surprising. While a considerable number of savages were known to dwell in the interior, it was not believed they bore such a large proportion to the total population.

## Hints for the Ladies.

Blue roses are one of the anomalies in millinery.

Everybody who can is wearing a circular veil.

The pongee parasol has it all its own way.

The soft Swiss taffetas are ideal for traveling gowns.

Figured pique announces itself as much smarter than the plain.

Silver tinsel is wrought into most captivating bows for the hair.

Choose a fine linen duck for a skirt to wear with ordinary blouses.

Dark muslin will be worn more this summer than in many seasons past.

Chic-looking bows of maline worn in front, replace the maline chou.

Ropes of silk drawn through crochet rings figure among trimmings.

Cloth is trimmed with Valenciennes, while heavy twine laces appear on the sheer stuffs.

This summer's white shirtwaist dresses will be very generally worn with colored accessories.

Coat and skirt costumes of white pongee worn with a sheer white blouse are exceedingly smart.

Short sleeves are to be much worn, but the lady-with-bones had better forego their doubtful seductions.

Extremely picturesque are the short coats of red linen and white canvas, with big sleeves and full skirts.

Shepherd's plaid checks in vogue are among the smartest materials for the morning frock of wool.

For general wear with light summer gowns a chine silk petticoat is a good investment.

Narrow flat gold braid run through heading is an effective trimming to brighten a dark frock.

A petticoat of black satin wears unusually well, is comfortable and looks dressy.

If you want something delightfully cool and pretty get a white net gown with each of apple green taffeta.

The colored handkerchiefs are very dainty; embroidered white dots are sprinkled over the newest.

Crush belts of Japanese embroidered silk, with borders, straps and buckles of kid are among the novelties.

Valenciennes lace seems the favorite trimming on underwear, as it is the daintiest, wears well and launders prettily.

An occasional hat has gigantic roses of the cabbage variety, instead of the miniature flowers so much used this year.

Hats must match the trimming scheme; to wear a black or white one with colored embroidery is among the cardinal sins this year.

Unlike the tan shoe, which is an undress affair, the champagne colored shoes come in elaborate styles for the most dressy occasions.

A stunning carriage hat made of sky blue lace is trimmed with orchids and ribbon that shade from cream color to deep lavender.

Radium has appeared among the colors. Radium silk is a gleaming iridescent stuff, running through the shadings of opal, palest pink and mauve and mauve.

The printed nets are certainly very beautiful, and for the summer frocks, gowns, whether for evening or afternoon wear, cannot be improved upon.

The fitted girdle of comparatively narrow width with its ribbon ends brought around from the back, drawn up to the bust and fastened there in a large, soft knot is effective.

The modish night gown is of the chemise order. It is made with low neck and short flowing sleeves and slips over the head. The neck is drawn up with ribbon threaded through hand-made buttonholes.

There is quite a change in the fashion of the stock collar. They are wider, so that they cover the band of the collar; or, as it is evident with the summer gowns, the collarless neck is to be fashionable.

# One Week More Before Vacation

And in that week what a host of things must be done, you say. But perhaps not nearly so many as you think. Much has already been done for you, more than in any previous year. There need be no making of outing dresses for yourself or the children; no making of hard-wearing shirt waists or boys' waists; no making of "creepers" for baby; no making of sheets or pillow slips to stand the wear and tear of a summer camp. For these and scores of similar things are in the bigger Lace House.

All are seeking an opportunity to practice economy, and here is where you'll find it. In many cases, it would not be possible to purchase the goods alone for the same price we ask for the finished garment.

## Our First Midsummer Sale of Fine Millinery

Just as the vacation season is about to open, when you are seeking some stylish headwear at a vacation-price, we open our special sale of trimmed dress hats, hats for juniors, untrimmed hats, flowers and foliage.

Among these vacation-priced hats are a number of the swellest patterns displayed this summer. Some were made in Paris and imported direct by us, and more are exact copies of the stunning headwear seen on Fifth avenue a few weeks ago.

The window display will serve as a suggestion for the wide variety in the department. A few price details:

Some \$25.00 pattern hats . . . . . NOW \$10.00  
A selection of elegant hats that were \$9.50, \$10.50 and \$15.00 . . . . . NOW \$5.00  
Choice dress hats worth \$5.50, \$6.00, \$6.50 and 7.50 . . . . . NOW \$3.50

A goodly showing of hats that were \$4.00, \$4.50 to \$5.50 . . . . . NOW \$2.50

A number of trimmed chiffon hats that were in demand at \$3.00 and \$3.50 . . . . . NOW \$2.00

Four styles of up-to-date, ready-to-wear walking hats received from New York by express just two weeks ago; reduced from \$3.25 and \$3.50 to . . . . . \$1.95

Some smart hats that were priced \$2.50 to \$3.50 . . . . . NOW \$1.50

Wanted injunction proceedings yesterday to restrain E. B. and A. L. Stone from excavating the land surrounding her home, 811 East Twenty-second street. She asserted that if the work that is now in progress is permitted to continue, her home will be left standing on a pinnacle by itself, thirty feet or more above the surrounding land, making it necessary to use a step ladder, balloon or other contrivance when entering or leaving the house.

The Melvin home is the only house on the block in which it stands, it faces on Twenty-second street and is a very handsome residence. The block on which it stands is between Sixteenth and Seventeenth avenues. Several months ago the E. B. and A. L. Stone Company was awarded a contract to grade Commerce street over the opening of which there had been a great deal of friction during the last few years. A large amount of filling was

necessary to bring the street to a proper grade. Much speculation was indulged in as to where the earth necessary to be used in the filling in was to come from.

Stone Brothers without advertising their scheme, purchased all the property in the block surrounding the Melvin home and the deeds were not recorded before the excavation was begun. Mrs. Melvin was offered a price for her property, but she declined to accept it. The excavators around her home were then begun and left the Melvin home isolated on a pinnacle of earth with steep embankments on all sides. It is also alleged that the foundation of the building would be endangered.

The injunction suit was filed in Judge Ellsworth's court. A temporary restraining order pending the trial of the suit was not given because the necessary indemnity bond had not yet been filed.

### LODGE NEWS.

Calanthe Temple, No. 6, Rathbone Sisters, the banner temple of the State, is progressive and up-to-date. On Friday evening, June 10, at Woodman Hall, 521 Twelfth street, the Temple will give the whis: loving people of Oakland a chance to test their ability to win one of many good prizes. While the scores are being counted, those who wish can dance. Order of Fendo, Oakland Council, No. 22, and the Boy Scouts of America, visitors were present, including Supreme Councillor A. P. Tugwell and family; Supreme Secretary Geo. Terry; Supreme Medical Director Walworth and members from San Francisco, Modesto, Berkeley and Oakland. Six candidates were initiated.

Past Councillor C. A. Matte, with a few earnest remarks, presented to this council a beautiful flag. Supreme Coun-

cillor Tugwell responded in behalf of Oakland Council and the members expressed their thanks by singing the chorus of "Star Spangled Banner." Refreshments were served, which consisted of sandwiches, cake and coffee.

At a meeting on June 10, at the Chapman Hall the initiation and a dinner will take place. Refreshments and dancing will be enjoyed. On June 24, at the Chapman Hall, a "shindig" will be held. Ice cream will be served, and dancing will be given.

A general good time is expected. The last meeting officers for the enacting term were chosen and the following were elected: M. E. C. Miss Marie Richardson; E. Mrs. Carron Hood; E. J. Mrs. Lois Prater; Mrs. Mrs. Mrs. Mrs. Mrs. Mrs. Mrs. R. and C. Mrs. May Steele; M. of M. Miss May Hawkins; P. of T. Miss Louisa Coulter; G. of I. T. Mrs. Mrs. Thomas. The new officers will be installed at the first meeting in July.

### GERMANS MADE GOOD SOWING.

The official announcement of prizes won at the Turner Festival, which was held at Sacramento, beginning last Saturday and concluding on Tuesday evening, has been received by the local committee. The following Gold medals are included in the list: Victor Luiga, eight prizes and Charles Steinbeck: six prizes for turning. Victor Luiga and Charles Steinbeck won gold medals for the best general exercises. Victor Luiga captured the prize contributed by the Oakland Turn Verein for the best average work.

Ernst Rehor won first prize in second class turning. H. Wimmer tenth and J. Wulf, twelfth prize in first-class turning.

Chas. German was awarded third prize for recitation.

## PERSONAL AND SOCIAL.

MISS ETHEL MOORE IS HOSTESS  
AT A LUN.-  
CHEON.

Miss Ethel Moore was hostess yesterday afternoon at a luncheon given at her home in East Oakland. The affair was a pretty compliment to Mrs. George Martin and the invited guests were all school friends of Mrs. Martin.

Lunch was served in the garden and covers were laid for Mrs. Mark Requa, Mrs. Charles Minor Goodall, Mrs. Pennoyer Sherman, Mrs. Vernon Waldron, Mrs. George Strong, Mrs. Nedra Koser, Mrs. Frederick Knight, Miss Anna Bates and the hostess.

### LINEN SHOWER.

Miss Florence Hatch was the recipient of a "linen shower" yesterday afternoon planned in her honor by Miss Alice Nelson. Miss Nelson's home on Linden street was prettily decorated and the guests enjoyed a merry game of five hundred. Mrs. George Humphrey and Mrs. Dalzel carried off the two pretty prizes.

The guests were: Miss Grace Rutherglen, Miss Alice O'Connell, Miss Hortense Chichester, Miss Julia Summers, Mrs. Archie Mordanhall, Miss Harry Williams, Mrs. A. Dalzel, Mrs. George Humphrey, Miss Ade Curdiss, Mrs. Florence Taylor, Miss Anna Young, Mrs. William Macdonald, Miss Carrie Miller, Miss Little Hopkins, Miss Marguerite Vesper, Miss Helen Crane, Miss Meta Block, and Mrs. Sidney Stone.

### ROWLAND'S CONCERT.

Clement Rowlands, the well known baritone with a coterie of able artist assistants will give a concert this evening in Maple Hall. The program is one of unusual merit and includes selections by many of Oakland's leading singers.

Mr. Rowlands' splendid baritone will be heard in the three delightful songs "Absent" by Metcalf, "The Bedouin's Love Song" by Pinchot, and "The Toreador" from "Carmen."

Miss Gertrude Hibberd, the young violinist, will be one of the participants, playing a berceuse by Godard, and Metcalf's "Legend." Mrs. Carrie Brown Dexter will be heard in a charming little French song, "Chere Nuit," and Frederick Veasey will sing "Thou You Forget" by Tipton. Miss Carolyn Crew's numbers will be "Haymaking" by Needham; "Among the Heather," by Metcalf, and a "Chanson Provencal." Miss Crew is a pupil of Mr. Rowlands, so her work will be highly appreciated.

Several other pupils will be heard, among them being Miss Ruby Wilson, Miss Addie Dowdle, Miss Remond Radcliffe, Miss Olga Williams, Miss Mabel McNab, Miss Virginia Bromley, Miss Amy Rice and Miss Little Reed.

Miss Mabel Hill will be the accompanist.

### BERKELEY WEDDING.

The marriage of Miss Mabel Early, niece of the Governor of Arizona, and William Maddox took place Wednesday evening at the home of the bride's parents on Manoa avenue. Rev. Dr. Dille performed the ceremony. Miss Edna Early attended the bride as maid of honor and the four bridesmaids included Miss Florence Early, Miss Eleanor Eastman, Miss Fannie Tyrell and Miss Grace Tyrell. Arthur Tyrell attended the groom. The bride is a daughter of Mr. and Mrs. John Early of Petaluma and the groom is a prosperous young business man of El Paso, Tex.

Mr. and Mrs. Maddox will spend their honeymoon in California, but will make their home in El Paso.

### YOSEMITE TRIP.

Herbert S. Mackie is making final arrangements for the large party of mountain climbers who will leave shortly for a trip to the Yosemite and Tuolumne meadows. Walter Burpee will have charge of the commissary department while Edward Gould will be manager of transportation.

### ARTISTS' VACATION.

Miss Annie Frances Briggs is planning to take a class to Carmel-by-the-Sea, near Monterey, to spend several days sketching. Among the artists who take occasional trips into the country with their paints and brushes are Mrs. D. W. Gelwick, Miss Margaret Imogene Hawley and Miss Chandler.

### COACHING TRIP.

Miss Marguerite Butters entertained a number of young friends at a coaching party planned in honor of her guest, Miss Sue Nicol of Stockton. After the enjoyable drive refreshments were served at the Piedmont Clubhouse.

The guests included Miss Nicol, Miss McFarlane of Honolulu, Miss Marie Graham of Portland, Miss Marie and Miss Marguerite Butters and Harold Havens, Carl Schilling, Edward Nicol and Rudolph Schilling.

### DRIVING PARTY.

Mrs. Chabot has been chaperoning a merry driving party for the past week and the guests in a commodious surrey have enjoyed a delightful drive about St. Helena.

The party was made up of Mrs. Chabot, Miss Claire Chabot, Mrs. John Henry Diekmann, Willard Barton and Fred Dleckmann.

### PERSONAL.

Mrs. Q. A. Chase and Miss Helen Chase are enjoying an outing at McClellan's near Cloverdale.

Mrs. Edward W. Engs was hostess yesterday at an enjoyable luncheon given at her Oakland avenue home. The half dozen guests enjoyed a pleasant hour with their charming hostess, Albert Coogan and Prentiss Gray left.

### LINEMEN'S UNION.

In about two weeks the Linemen's Union will give a smoker and active preparations are being made for the affair. A number of attractive features will be presented and good time is promised to all who attend. Six candidates will be initiated prior to the festivities.

### MATERIAL TEAMSTERS.

Two candidates were initiated at the meeting of the Material Teamsters Union last night. The matter of appointing a delegate was laid over for two weeks. The committee from the Central Council visited the union and requested that delegates be sent to the agreement on the 17th of June. It was agreed to do so.

## NOTICE CONFIRMS ARMENIAN KILLING.

PARIS, June 10.—Foreign Minister Delcasse has been informed from Constantinople that the British, French and Russian Ambassadors there reached a joint agreement to present an energetic representation to the Grand Vizier to put a stop to the Armenian atrocities. It is expected that a joint representation on the subject will be submitted today.

This action follows the official investigation confirming that a number of bloody combats have occurred, that villages have been destroyed, and that people have been killed in Armenia.

# SHE DIED IN PARIS.

## Miss Lena Morton Passes Away After An Operation.

PARIS, June 10.—Miss Lena Morton, daughter of Levi P. Morton, of New York, died this morning from the effects of blood poisoning following an operation for appendicitis. Miss Morton's family were at her bedside when she died. The operation in itself did not arouse serious apprehension but the appearance yesterday of blood poisoning gave the case a grave turn. Miss Morton rallied slightly during the afternoon but later her case became hopeless and she sank gradually until her death occurred early this morning. Funeral arrangements have yet been made, but it is probable that the body will be embalmed and taken to New York for interment.

The deceased was 27 years of age and was the elder of two unmarried daughters of former Vice President Morton. She was educated here while her father was United States Ambassador to France. She was a linguist, highly cultivated and was a general favorite. Her father and mother and her sister, the Duchess of Valentay, remained at the private sanitarium in which the operation was performed until death occurred.

Friends of the family fear the blow will seriously affect Mrs. Morton, who has recently been slightly indisposed.

## JACK THE SWATTER NOT CONVICTED.

ALAMEDA, June 10.—Milton Blake, accused by the police of being "Jack the Swatter," who has been terrorizing women and children here for the past five months, and against whom a charge of battery had been preferred by Miss Kate Cronin, one of his victims, was tried before the jury in City Justice R. E. Blake will be tried again on the Cronin charge, as the police feel certain that he is "Jack the Swatter" and that they have a strong case against him.

MUST ANSWER FOR  
HORSE STEALING.

Judge Geary, sitting for Police Judge Smith, this morning held James Newgard alias Newman, on a charge of grand larceny preferred by Mrs. E. Pacheco. Bail was fixed at \$2000. Newgard is alleged to have stolen a team of horses from Mrs. Pacheco and to have borrowed a buggy from another party. The attorney for the state said the team he sold for a song. He fled to San Jose where he was recently captured.

CITY WILL GET  
ENGINEERS.

## SECRET CARGO FOR RUSSIANS.

WILL MAKE COUNTER AFFIDA-  
VIT IN THE WATER RATE  
SUIT.

At the meeting of the City Council committee last night the Councilmen informally discussed the status of the injunction suit brought by the Contra Costa Water Company against the city of Oakland.

It was decided that the affidavits of the witnesses now testifying in behalf of the Water Company should be met with counter affidavits to be made by engineers in the employ of the city.

The attorneys for the city will be notified of this decision.

## COMEDY A SUCCESS AT YE LIBERTY.

"What Happened to Jones" continues to attract large audiences to Ye Liberty Playhouse. Manager Bishop has been fortunate in his first play of the "Laughing Season," and likewise fortunate in the selection of the members of his company. Any doubt about the success of the plan of putting in a stock company at Ye Liberty without a number of stars and strong attractive leading people has been completely answered in the enthusiastic reception which is accorded the new company each evening. Delighted with the play, those who applaud ignorantly and laugh merrily leave the handsome theater with a feeling of satisfaction over the evening's performance. "What Happened to Jones" writes to amuse people and that it fulfills its mission is evident. No one should miss it. But four more performances will be given.

At the instigation tomorrow afternoon every man entering the theater on paid ticket will be given with a box of candy. The matinee spectators are attracting much attention among the audience following and the large crowd which gathers every Saturday is a sure sign that the scheme is a popular one.

"Charley's Aunt" is announced for next week. This is another of the laugh-makers and will be much appreciated.

# CHILDREN CLOSE TO NATURE.

LITTLE ONES ARE STUDYING  
VALUES OF FLOWERS AND  
PLANTS.

The first tangible result of the experiment of school gardens will be seen Saturday, June 11th, in the children's room of the Free Library, when the children from the various schools will bring specimens of their flowers and vegetables that the public may see the really wonderful results of this first short experiment.

This work of children's gardens was started by the Woman's Civic Improvement Club, which has been founded by them ever since its inception, but the credit of its great success is due almost entirely to the chairman of the committee, Miss Bertha Chapman, the nature study teacher in the schools. It would have been most natural for Miss Chapman to have declined the chairmanship of this committee on the plea of age, having done all the work herself, but she did not. On the contrary, she graciously accepted the position, and has worked untiringly, intelligently and enthusiastically for its success, until in a few short months there are 1500 children working in these gardens, thoroughly enjoying them and learning many valuable lessons besides the planting and caring of seeds and plants.

The desire to be a garden owner, to have a home of their own, which always makes for thrift and industry, we believe will be one of the results of this work.

At least one-third of these children have already started gardens in the backyards of their own free will. In giving this hearty word of well-deserved commendation to Miss Chapman, it should not be forgotten that the hearty co-operation of the teachers has been a driving, enthusiastic and of great assistance.

Oakland has the honor of standing at the head of the list of cities carrying on this work in the number of gardens and the number of children working in them, comparing the time this movement has been inaugurated.

A day or two ago a lady saw two little street urchins digging in a vacant lot by her house. She went out to see what they were doing and found they had begged some slips from some one and were going to make a garden. She lent them a trowel and showed them how to make a bed and plant their slips. As this lot had no fence around it in a few days the little garden was trampled down. The boys, however, were not discouraged. They again borrowed the trowel, dug up the plants and started a home garden in a 7 by 9 backyard.

The garden microbe is in the air.

Next year we shall want a great many more vacant lots, and we hope the "green apes" will attend the "Market Day" and be convinced that it is a good investment to loan their vacant lots for school gardens.

This work has been inaugurated and so thoroughly attended to by Miss Chapman that she is the one who is interested in the great work of teaching the little ones to love nature and improve themselves in every way. It should be particularly enforced and all who are able to, it is hoped, will join in the developing movement.

# Operations Avoided

Hospitals in our great cities are sad places to visit.

Three-fourths of the patients lying on those snow-white beds are women and girls.

Why should this be the case? Because they have neglected themselves.

Every one of these patients in the hospital beds had plenty of warning in that bearing-down feeling, pain at the left or right of the womb, nervous exhaustion, pain in the small of the back. All of these things are indications of an unhealthy condition of the ovaries or womb.

What a terrifying thought! These poor souls are lying there on those hospital beds awaiting a fearful operation.

Do not drag along at home or in your place of employment until you are obliged to go to the hospital and submit to an examination and possible operation. Build up the female system, cure the derangements which have signified themselves by danger signals, and remember that Lydia E. Pinkham's Vegetable Compound has saved thousands of women from the hospital. Read the letters here published with the full consent of the writers, and see how they escaped the knife by a faithful reliance on Mrs. Pinkham's advice and the consistent treatment of

## Lydia E. Pinkham's Vegetable Compound.

### READ THE FOLLOWING LETTERS:

"I was taken sick very suddenly July 13th with severe cramps, or pains. I summoned a doctor and was in bed a week lying on my back till the time. The pains left me very sore. In a few weeks I was feeling better but was soon taken sick again with those pains and had another doctor. This one said I had neuralgia pains of the stomach and ovaries. He injected morphine and eased me again, but I remained sore and weak from the pains and continued to flow for one month and three days without stopping for one day."

"The doctors wanted to scrape the womb, saying the lining was inflamed. I had a pain at times in my right ovary and felt weak nearly all the time. Am only twenty years old, never was sick until this sickness in July. Menstruation never lasted more than four days and never an ache or a pain."

"I began the use of Lydia E. Pinkham's Vegetable Compound and soon was feeling better. I am now well and strong again. Your medicine has relieved me of the pain in my side and stopped my flowing which the doctors could not do."

"I feel very grateful to you and can recommend your medicine to all suffering women." — LUCILLE A. GAINES, 2348 Pine St., St. Louis, Mo.

"I suffered with female trouble for over eight years, had womb trouble and painful menstruation. Have been under the care of doctors who said I would have to submit to an operation before I could be cured. I suffered everything."

"One day I picked up a paper and noticed your advertisement and a testimonial from a friend I knew, stating your medicine had cured her so I thought I would try it. I told my husband I would give up all doctors and try your medicine. I began using your medicine just two months ago and cannot say enough on its praise. Menstruation comes freely now without pain."

"Lydia E. Pinkham's Vegetable Compound has brought health, joy and happiness to me. My advice to all suffering women is to try your Vegetable Compound." — MRS. FRED McNAUGHTON, Box 401, Breckenridge, Minn.

## COLLEGE TOWN NOW WANTS TOURIST HOTEL.

### North End Improvement Club Will Consider Up-to-date Hostelry Project at Next Meeting.

BERKELEY June 10.—At the next meeting of the North Berkeley Improvement Club C. H. Stetson, one of its leading members, will present a resolution inaugurating a movement looking to the erection of a modern hotel in Berkeley. The subject was introduced at the last meeting of the club when Stetson gave notice that he would bring it up for full discussion.

If Berkeley ever hopes to attract tourists here it must have a modern hotel in which to accommodate its guests, said Stetson in discussing his plans.

Oakland redress this fact and

The dust is laid longer and the road way is improved.

### IMPROVED SIDINGS.

There is a streak of improvement of streets by the property owners along San Pablo Avenue and the side street. The dead grasses and raggedness of the streets which has been evident for some time now has been removed and weeds ate being taken out of the land along the sidewalks and in front of the houses. Already the sides of the streets have assumed a

cleaner appearance and the improvement is beneficial to good roads and healthy surroundings.

### BOARD TO MEET.

The Board of Trustees is scheduled to meet next Monday night in regular weekly conference.

### TRACK WORK.

The work of putting the Race Track in shape is still going along steadily. It will require considerable expense to put the track in good shape for the coming races.

## HAPPENINGS IN HOTEL PROJECT FRUITVALE.

### FRATERNAL ITEMS AND PERSONAL MENTION—GENERAL NEWS.

FRUITVALE June 10.—On Wednesday night a committee of arrangements from Ah Wah Nee Tribe of the Red Men and Larukah Council Degree of Pocahontas met at the residence of Mrs. Jordan on Cherry Avenue to make final plans for a benefit entertainment and dance to be given at Pithian Castle Oakland on June 30. A splendid program has been arranged and will include a high-class comedy act and musical and literary features. The benefit is in a worthy cause that of providing for a widow and everyone who can should attend.

NEWS IN BRIEF  
Dr. R. Dawson of Fruitvale Avenue is ill with heart trouble. He is attended by Dr. Cullen.

Dr. Spence De Iuv, the well known author, is very ill with pneumonia at his home on the corner of Washington and Bassett Streets. Dr. Huntington is in attendance.

B. D. Dawson, the son of Walter Dawson, of Demon Avenue, is suffering from pneumonia. The case is in the hands of Dr. Daniel Cross.

Graduation exercises, took place at the Fruitvale school, last night. The program was excellent, with the attendance all that could be desired.

The school census of Fruitvale recently completed is as follows: Fruitvale District 1281, Bray District 533, Mayrose 243, a total of 1958 children who attend school in Fruitvale.

There has been talk for a long time about oiling the streets but the project has been practically given up as it is considered that the cost of the experiment would be too much at present along with the other expenses that the town is meeting. Yesterday the Trans-Mountain people in lieu of water sprinkled along the tracks used oil, and this experiment may assist the road men here in watching the results. It is evident that the dust is better laid with the use of oil as was demonstrated yesterday, and it is said by those who are acquainted with the use of oil in other towns that the results obtained are far superior to the use of water.

**The Stream's Source.**

SPRING FRECHETS AND SPRING FEVER.

IN the spring, it is said, we can always look for fire, flood and devastation. When we look at a giddy river in flood, carrying devastation with it, we can hardly imagine its source in the little stream on the mountain side, starting with a small stream and widening its way down hill and valley, gathering force and volume until at last it pours its mighty flood above its natural bank, and sweeps along, carrying ruin to many peaceful households. What is true in nature is also true of the human body. We are now in that season in which we feel languid. Only the lucky are able to get off without a spell of fever. When all nature is putting on its beautiful dress when the trees begin to bud and all nature smiles, man is usually in the midst of his woes and troubles because the poisons have accumulated in his body during the winter and the blood stream calls for a change. This decries, and in the process we are perhaps laid on our backs with a cold, possibly to be followed with grip or pneumonia. The break-down, the feeling of fatigue, is usually due to the lack of pure blood needed to replenish the materials used up. We have overfed during the winter, usually under-exercised, confined in a small room perhaps, breathing over and over again bad air, with little oxygen, our health balance is not kept up. We feel worn out, played out, pale, and dead circles under the eyes appear. Simple attention to the laws of nature will sometimes pull you through without these annoying symptoms. The several organs of the body which take care of the worn-out tissues, such as the kidneys, bowels and liver get out of order without being noticed, and the poisonous matters accumulating become an active poison if they remain in the blood. Poisons matter thrown back into the blood cause headache, bowel irregularities and often severe illness with jaundice, wherein these liver poisons are so abundant as to give a yellow color to the skin. A bilious spell is simply the result of an effort made by the liver to catch up when overworn and exhausted. Dr. Pierce's Golden Medical Discovery helps in driving out the poisons matter and brings into the blood the food and taking from it what is necessary for feeding the blood. Thus

the blood takes on new vigor and spirit. After many years of study in the active practice of medicine, Dr. R. V. Pierce found that when the stomach was out of order, the blood impure and there were symptoms of general break-down, a tonic made of the alternative extracts of certain herbs and roots was the best corrective. This he called: Dr. Pierce's Golden Medical Discovery. For over a third of a century this tonic and alternative has been more largely sold than any other blood medicine or nerve tonic. Being made without alcohol, it is "Medical Discovery" does not shrink up like real-blood corpuscles, but on the other hand it increases their number. It helps the stomach to assimilate or take up the proper elements from the food, thereby helping digestion and curing dyspepsia, heartburn, and many uncomfortable symptoms. It is especially adapted in diseases attended with excessive tissue waste, especially in convalescence from the various spring fevers, whether of a malarial or typhoid character. As a tonic and reconstructive during and after the influences of grip it will prove of particular value.

CHILDREN TAUGHT GARDENING.

Under the direction of Miss Chapman, who has the instruction of the scholars in charge, the growing and harvesting of flowers and vegetables there has sprung up all over the town back yards that are doing much to teach the little ones the handling of nature's work and the resultant effects.

In the back yards there has been established a little garden where the children work to bring up the flowers and vegetables to submit to their teacher and ask her opinion. The idea is most praiseworthy and is encouraged by all who have schools and public schools.

THE DIAMOND.

There will be three games of baseball on the Freeman Park Diamond next Sunday. Two games between San Francisco clubs and one between the local teams of baseball experts. A good sized crowd is expected, as the teams are made by Lannan, the director of the grounds, are rivals and will work hard to make good.

**"NEW MINISTER" WILL BE AT MACDONOUGH.**

The long looked forward to return of Dennis Thompson and George W. Taylor's "Our New Minister" takes place at the Macdonough Theatre tonight, with all the old favorites in the cast, coming direct from its record-breaking four months' New York run. The effect of this play upon the scalp is absolutely nil, for it is completely unsensational. But it diffuses a cozy warmth. It suggests the better side of the stage, and when you go home tonight after having witnessed the performance you will realize that you have been patronizing refinement marked "stirring" all over it. You will have escaped from the uproar and horseplay of the footlights, from the drama of "Unhand me, villain," and "Aha, a likely story" from the sex problem and the past-resurrection. You will have wandered into a placid, gentle region of naturalness and simplicity. "Our New Minister" is certainly a new variation on the theme of the pastoral drama and has set a pace so hot that it has been forced to be distanced and left far in the rear.

"Our New Minister" will be repeated tomorrow and Sunday nights and a special bargain matinee will be given tomorrow at which the prices will be 25 and 50 cents.

**ADVENTISTS ARE STILL IN SESSION.**

The morning meeting of the Adventists yesterday was devoted to educational work. Prof. E. D. Sharpe, president of Healdsburg College, gave an interesting outline of the work done at that institution. This college is the training school for different workers in missions. An especially interesting point was the industrial department which has been designed to educate the young people in the practical things of life. A number of trades are taught, and the idea is that work is honorable and is good for the soul.

Prof. H. G. Lucas, business manager of Healdsburg College and chief instructor in the commercial department, spoke of the work done in his line. Thoroughness and accuracy are demanded of all students. First of all, Mrs. E. Taylor.

**INCORPORATE WAREHOUSE.**

Articles of incorporation of the Caligan Warehouse Company were filed with the County Clerk today. The principal place of business of the company is to be at Livermore. The directors are M. G. Caligan, Peter J. Curtis, W. H. Eggin, James L. Eggin, and A. E. Curtis. The amount of the capital stock of the corporation is \$10,000 and is divided into shares of \$10 each. The full amount of capital stock has been subscribed.

**MARRIAGE LICENSES.**

The following marriage licenses were issued by the County Clerk today: Leonard R. Keller, Oakland ... 31 Minnie G. Wurthman, Berkeley ... 23 Gerald Donovan, S. **IN EVERY HOME**

There should always be found a bottle of the famous Hostetter's Stomach Bitters. It is good for every member of the family and is taken at the start may counteract a long sick spell. No other is just as good nor so safe and reliable. It puts the stomach in a normal condition and cures Biliousness, Constipated Bowels, Dyspepsia, Indigestion, Insomnia, Liver troubles and Malaria. Doctors and Druggists recommend it. Try one bottle.

**GOLDEN GATE IS**

**BUSY.**

**DETAILED HAPPENINGS THAT ARE PERSONAL TO EVERY CITIZEN.**

**GOLDEN GATE**, June 10.—The Women of Woodcraft will meet next Monday night for their public installation. The meeting will be held at Klimmer Hall. The team from Oakland will assist in the ceremonies and the evening will probably be one of the most successful that the new lodge has ever had. Many have been invited that are connected with the order from both sides of the bay. Special arrangements have been made to make the first public installation the greatest that has ever been given among the local members, and which will also demonstrate the advancement that the lodge is trying to show among the members of the order.

**Mr. M. CARRIER TO LEAVE.**

Mr. Charles Carrier, well known as the most popular and well liked mail carriers in this vicinity, will soon leave for a vacation which he will enjoy in the southern part of the State. His substitute will be A. L. La River. Mr. O'Connor will be present for a few weeks and will then return to resume his old duties as carrier. His service has been particularly satisfactory, and it is hoped that he will soon return to meet with the approval that he so justly deserves.

**DEATH OF R. S. WILSON.**

The cousin of R. S. Wilson was buried yesterday. The funeral took place from the Taylor Undertaking Parlors. The deceased was the wife of Harry Malone, a cousin of Wilson, the well known grocer of this town. She was twenty-seven years of age. The deceased had died two weeks ago, and it is thought that the shock as well her maternity contributed to cause her death.

**NEW COTTAGES.**

H. Downing is building two new houses for occupancy on Fremont street, buildings in the latest style and furniture and all necessary accommodations. This is but another addition to the general additions to the improvements of Golden Gate.

**FINES LEAVE.**

The daughters of William Fine, the well-known fine owner, have left for Europe, probably to be gone during the racing season, and will return to join their father, who it is expected will return in time for next year's races, and will enter his horses.

**OLDING STREETTS.**

One of the most important improvements that can be noted by the progressiveness of the city is the street lighting being done by the Traction Company. This is the lighting of the streets that are immediately connected with the transportation of the company. For some time there has been much objection connected with the dust that has arisen from the cars, but this has been thoroughly received by the citizens of this district.

**CHILDREN TAUGHT GARDENING.**

Under the direction of Miss Chapman, who has the instruction of the scholars in charge, the growing and harvesting of flowers and vegetables there has sprung up all over the town back yards that are doing much to teach the little ones the handling of nature's work and the resultant effects.

In the back yards there has been established a little garden where the children work to bring up the flowers and vegetables to submit to their teacher and ask her opinion. The idea is most praiseworthy and is encouraged by all who have schools and public schools.

**THE DIAMOND.**

There will be three games of baseball on the Freeman Park Diamond next Sunday. Two games between San Francisco clubs and one between the local teams of baseball experts. A good sized crowd is expected, as the teams are made by Lannan, the director of the grounds, are rivals and will work hard to make good.

**"NEW MINISTER" WILL BE AT MACDONOUGH.**

The long looked forward to return of Dennis Thompson and George W. Taylor's "Our New Minister" takes place at the Macdonough Theatre tonight, with all the old favorites in the cast, coming direct from its record-breaking four months' New York run. The effect of this play upon the scalp is absolutely nil, for it is completely unsensational. But it diffuses a cozy warmth. It suggests the better side of the stage, and when you go home tonight after having witnessed the performance you will realize that you have been patronizing refinement marked "stirring" all over it. You will have escaped from the uproar and horseplay of the footlights, from the drama of "Unhand me, villain," and "Aha, a likely story" from the sex problem and the past-resurrection. You will have wandered into a placid, gentle region of naturalness and simplicity. "Our New Minister" is certainly a new variation on the theme of the pastoral drama and has set a pace so hot that it has been forced to be distanced and left far in the rear.

"Our New Minister" will be repeated tomorrow and Sunday nights and a special bargain matinee will be given tomorrow at which the prices will be 25 and 50 cents.

**ADVENTISTS ARE**

**STILL IN SESSION.**

The morning meeting of the Adventists yesterday was devoted to educational work. Prof. E. D. Sharpe, president of Healdsburg College, gave an interesting outline of the work done at that institution. This college is the training school for different workers in missions. An especially interesting point was the industrial department which has been designed to educate the young people in the practical things of life. A number of trades are taught, and the idea is that work is honorable and is good for the soul.

Prof. H. G. Lucas, business manager of Healdsburg College and chief instructor in the commercial department, spoke of the work done in his line. Thoroughness and accuracy are demanded of all students. First of all, Mrs. E. Taylor.

**INCORPORATE WAREHOUSE.**

Articles of incorporation of the Caligan Warehouse Company were filed with the County Clerk today. The principal place of business of the company is to be at Livermore. The directors are M. G. Caligan, Peter J. Curtis, W. H. Eggin, James L. Eggin, and A. E. Curtis. The amount of the capital stock of the corporation is \$10,000 and is divided into shares of \$10 each. The full amount of capital stock has been subscribed.

**MARRIAGE LICENSES.**

The following marriage licenses were issued by the County Clerk today: Leonard R. Keller, Oakland ... 31 Minnie G. Wurthman, Berkeley ... 23 Gerald Donovan, S. F. .... over 21 Kate Loftus, San Francisco, over 18 William C. Maddon, El Paso, ... 40 Mabel E. Early, Berkeley ... 28 John Anderson, San Francisco ... 24 Hannah Markam, San Francisco ... 25

**IN EVERY HOME**

There should always be found a bottle of the famous Hostetter's Stomach Bitters. It is good for every member of the family and is taken at the start may counteract a long sick spell. No other is just as good nor so safe and reliable. It puts the stomach in a normal condition and cures Biliousness, Constipated Bowels, Dyspepsia, Indigestion, Insomnia, Liver troubles and Malaria. Doctors and Druggists recommend it. Try one bottle.

**HOSTETTER'S STOMACH BITTERS.**

**GOLDEN GATE IS**

**BUSY.**

**DETAILED HAPPENINGS THAT ARE PERSONAL TO EVERY CITIZEN.**

**GOLDEN GATE**, June 10.—The Women of Woodcraft will meet next Monday night for their public installation. The meeting will be held at Klimmer Hall. The team from Oakland will assist in the ceremonies and the evening will probably be one of the most successful that the new lodge has ever had. Many have been invited that are connected with the order from both sides of the bay. Special arrangements have been made to make the first public installation the greatest that has ever been given among the local members, and which will also demonstrate the advancement that the lodge is trying to show among the members of the order.

**Mr. M. CARRIER TO LEAVE.**

Mr. Charles Carrier, well known as the most popular and well liked mail carriers in this vicinity, will soon leave for a vacation which he will enjoy in the southern part of the State. His substitute will be A. L. La River. Mr. O'Connor will be present for a few weeks and will then return to resume his old duties as carrier. His service has been particularly satisfactory, and it is hoped that he will soon return to meet with the approval that he so justly deserves.

**DEATH OF R. S. WILSON.**

The cousin of R. S. Wilson was buried yesterday. The funeral took place from the Taylor Undertaking Parlors. The deceased was the wife of Harry Malone, a cousin of Wilson, the well known grocer of this town. She was twenty-seven years of age. The deceased had died two weeks ago, and it is thought that the shock as well her maternity contributed to cause her death.

**NEW COTTAGES.**

H. Downing is building two new houses for occupancy on Fremont street, buildings in the latest style and furniture and all necessary accommodations. This is but another addition to the general additions to the improvements of Golden Gate.

**FINES LEAVE.**

The daughters of William Fine, the well-known fine owner, have left for Europe, probably to be gone during the racing season, and will return to join their father, who it is expected will return in time for next year's races, and will enter his horses.

**OLDING STREETTS.**

One of the most important improvements that can be noted by the progressiveness of the city is the street lighting being done by the Traction Company. This is the lighting of the streets that are immediately connected with the transportation of the company. For some time there has been much objection connected with the dust that has arisen from the cars, but this has been thoroughly received by the citizens of this district.

**CHILDREN TAUGHT GARDENING.**
